WHEN PERMIT IS ISSUED

- The lot locator signs provided by the City shall be placed so that the address is visible from the public street.
- The approved set of plans, specifications and other data must be kept on the job site and protected from weather.
- Advance one day notice is required for inspection request. See inspection policy for exceptions.
- All contractors on job sites must maintain all required business license, contractor's license, bonds and insurances.
- The permit holder is required to review and follow the approved plans, specifications and understand all building code comments listed on the permit prior to beginning construction.
- A common rule of thumb for inspections is **"never cover anything until the City Inspector has seen it and signed off."**

The undersigned has submitted the required plans, specifications and plot plan which are hereto attached, incorporated into and part of this application. The undersigned agrees to comply with all applicable codes; give full notification to the building inspector when required inspections are needed; that he or she will not use or occupy this structure or structures covered by the permit until the certificate of occupancy has been issued; and will not proceed with construction until the permit is issued.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or waive the provisions of any other laws required by Federal, State, and City or covenants regulating construction or the performance of construction.
